

WHERE TO REPORT TELEMARKETING AND INTERNET SCAMS:

If you get a phone call or a message on your computer which you recognize as a scam, such as the IRS scam, the grandparent scam, the computer tech scam, the utilities scam, the romance scam and others, please report the call to the FBI by going to their website at www.ic3.gov. You can also report scams to the Federal Trade Commission (FTC) on their website at www.ftc.gov. The FBI and the FTC gather information about various scams and when they have a significant number of reports accompanied by sufficient data they can take action.
