Chapters

Chapter 1 - Introduction	1-1
1.1 Introduction.....	1-1
1.1.1 Santa Maria River Watershed Issues and Challenges	1-2
1.1.2 San Antonio Creek Watershed Issues and Challenges	1-2
1.1.3 Santa Ynez River Watershed Issues and Challenges	1-2
1.1.4 South Coast Watershed Issues and Challenges.....	1-3
1.2 Integrated Regional Water Management	1-3
Chapter 2 – Governance and Participation	2-1
2.1 Introduction.....	2-1
2.2 Governance Structure	2-2
2.2.1 Cooperating Partners	2-4
2.2.2 Steering Committee	2-7
2.2.3 Decision-Making.....	2-7
2.3 Balanced Access and Opportunity for Participation in the IRWM Process	2-9
2.4 Long Term Implementation of the IRWM Plan	2-10
2.5 Coordination with Neighboring IRWM Efforts and State and Federal Agencies.....	2-11
2.6 Collaborative Process used to Establish Plan Objectives	2-12
2.7 Interim Changes and Formal Changes to Plan	2-12
2.8 Updating or Amending the Plan.....	2-12
2.9 Effective Communication, both Internal and External, throughout the IRWM	2-13
2.10 Stakeholder Outreach and Inter-Regional Coordination	2-13

Chapter 3 – Regional Description	3-1
3.1 Introduction.....	3-1
3.2 Regional Overview.....	3-5
3.2.1 Regional Acceptance Process	3-5
3.2.2 Internal Boundaries	3-5
3.2.3 Integrated Regional Water Resource Management in the Region	3-8
3.3 Physical Setting.....	3-11
3.3.1 Location	3-11
3.3.2 Climate	3-11
3.3.3 Population	3-12
3.4 Land Use, Major Watersheds, and Water Systems	3-14
3.4.1 Land Use	3-14
3.4.2 Watersheds	3-19
3.4.3 Groundwater Basins	3-25
3.4.4 Major Infrastructure	3-31
3.5 Ecological Process.....	3-52
3.5.1 Aquatic Sensitive Species	3-52
3.5.2 Freshwater Habitats	3-52
3.5.3 Sloughs/Coastal Salt Marshes	3-53
3.5.4 Coastal Dunes	3-55
3.5.5 Areas of Special Biological Significance	3-56
3.5.6 Marine Protected Areas	3-56
3.6 Climate Change.....	3-56
3.6.1 Regional Impacts	3-57
3.6.2 Identification of Vulnerabilities.....	3-58
3.6.3 Prioritized Vulnerabilities	3-64
3.6.4 Methodology for Further Data Gathering and Analysis.....	3-65
3.7 Regional Water Management History.....	3-66
3.7.1 Water Supply Development – South Coast, Santa Ynez.....	3-66
3.7.2 Water Supply Development – Santa Maria Valley	3-70
3.7.3 State Water Project	3-71
3.7.4 Wastewater Management	3-71
3.7.5 Current Regional IRWM Issues/Conflicts and Objectives.....	3-74
3.8 Water Supplies and Demand.....	3-76
3.8.1 Water Supply	3-72

3.8.2 Water Demand	3-79
3.9 Projected Water Demand and Supply	3-81
3.9.1 Projected Municipal Water Supply.....	3-81
3.9.2 Projected Agricultural Supply	3-82
3.9.3 Projected Municipal Water Demand.....	3-82
3.9.4 Municipal Conservation Estimates	3-83
3.9.5 Projected Industrial Water Demand	3-83
3.9.6 Projected Agricultural Water Demand.....	3-83
3.9.7 Projected Future Water Demand and Supply Balance.....	3-83
3.9.8 Effects of Climate Change	3-85
3.9.9 Uncertainty.....	3-86
3.10 Reducing Dependence on the Sacramento-San Joaquin Delta	3-87
3.11 Water Quality	3-89
3.11.1 Groundwater Quality.....	3-89
3.11.2 Urban Surface Water Quality	3-94
3.11.3 Agricultural Water Quality	3-94
3.11.4 Ocean Water Quality	3-96
3.12 Natural Hazards Requiring Emergency Planning.....	3-97
3.12.1 Severe Storms and Flooding.....	3-98
3.12.2 Earthquake	3-98
3.12.3 Fire.....	3-98
3.12.4 Drought	3-99
3.13 Social and Cultural Makeup.....	3-99
3.13.1 Economic Conditions and Trends in the Region.....	3-99
3.13.2 Social and Cultural Makeup.....	3-100
3.14 DAC and Tribal Outreach	3-104
3.14.1 Disadvantaged Communities	3-104
3.14.2 Tribal Communities.....	3-107
3.15 Neighboring IRWM Efforts	3-107
Chapter 4 – Objectives, Priorities, and Targets	4-1
4.1 Introductions	4-1
4.2 Objectives	4-2
4.2.1 Groups and Stakeholders Involved in the Process	4-2
4.2.2 Process for Developing the Objectives.....	4-2
4.2.3 Regional Issues and Conflicts	4-2
4.2.4 Key Regional Issues and Challenges	4-3

4.3 Planning Targets	4-11
4.3.1 Selecting Metrics	4-11
4.3.2 Setting Targets.....	4-14
Chapter 5 – Resource Management Strategies	5-1
5.1 Introduction.....	5-1
5.2 Documenting the Process.....	5-1
5.2.1 California Water Plan Resource Management Strategies	5-2
5.2.2 IRWM Plan 2013 Resource Management Strategies	5-17
5.2.3 Regional Resource Management Strategies that address Climate Change High Priority Vulnerability Issues.....	5-19
Chapter 6 – Integration and the Project Review Process	6-1
6.1 Introduction.....	6-1
6.2 Integration	6-1
6.2.1 Stakeholder/Institutional Integration	6-2
6.2.2 Resource Integration	6-2
6.2.3 Project Implementation Integration	6-3
6.3 Project Review and Selection Process	6-4
6.3.1 Procedures for Submitting a Project	6-4
6.3.2 Procedures for Review of Projects	6-7
6.3.3 Procedures for Communicating List of Selected Projects	6-12
6.3.4 Project Proponents Adoption of IRWM Plan 2013.....	6-12
6.4 Regional Projects	6-12
6.5 Location of Projects.....	6-20
Chapter 7 – Benefits and Impacts	7-1
7.1 Introduction.....	7-1
7.2 Review and Update of Benefits and Impacts	7-2
7.2.1 Project Specific Review.....	7-2
7.2.2 Update of Impacts and Benefits Section of the IRWM Plan 2013.....	7-2
7.2.3 Impacts and Benefits to DAC/Environmental Justice Concerns and Native American Tribal Communities.....	7-3
7.2.4 Inter-regional Benefits and Impacts	7-4
7.3 Benefits and Impacts of IRWM Plan 2013 Implementation	7-4
7.3.1 Protect, Conserve, and Augment Water Supplies.....	7-5
7.3.2 Protect, Manage, and Increase Groundwater Supplies	7-6
7.3.3 Practice Balanced Natural Resources Stewardship.....	7-7

7.3.4	Protect and Improve Water Quality	7-7
7.3.5	Improve Flood Management.....	7-8
7.3.6	Emergency Preparedness.....	7-8
7.3.7	Maintain and Enhance Water and Wastewater Infrastructure Efficiency and Reliability	7-9
7.3.8	Address Climate Change through Adaptation and Mitigation	7-9
7.3.9	Ensure Equitable Distribution of Benefits	7-10
7.4	Potential Adverse Impacts of IRWM Plan 2013 Implementation	7-17
7.4.1	Protect, Conserve, and Augment Water Supplies.....	7-18
7.4.2	Protect, Manage, and Increase Groundwater Supplies	7-18
7.4.3	Practice Balanced Resources Stewardship.....	7-18
7.4.4	Protect and Improve Water Quality.....	7-19
7.4.5	Improve Flood Management.....	7-19
7.4.6	Emergency Preparedness.....	7-19
7.4.7	Maintain and Enhance Water and Wastewater Infrastructure Efficiency and Reliability	7-19
7.4.8	Plan For and Adapt to Climate Change	7-19
7.4.9	Ensure Equitable Distribution of Benefits	7-19
7.5	Project Benefits and Impacts.....	7-19
Chapter 8	– Plan Implementation	8-1
8.1	Introduction.....	8-1
8.2	Frameworks for Evaluating and Monitoring Plan Implementation.....	8-3
8.2.1	Implementation of Regional Objectives.....	8-4
8.2.2	Relationship of IRWM Plan 2013 to Existing Water Related Planning.....	8-5
8.2.3	Implementation Issues	8-6
8.2.4	Possible Obstacles to Implementation.....	8-7
8.3	Plan Performance and Monitoring.....	8-8
8.3.1	Group within the RWMG Responsible for IRWM Implementation Evaluation.....	8-10
8.3.2	Frequency of Evaluating the RWMG Performance at Project Implementation and Measuring Progress	8-10
8.3.3	Improving Implementation of Future Projects.....	8-11
8.3.4	Development of Project-Specific Monitoring Plans and Activities	8-11
8.3.5	Focus of Project-Specific Monitoring	8-11

8.3.6	Periodic Update Process.....	8-13
8.3.7	Review and Updates of the IRWM Plan	8-13
8.4	Data Management.....	8-15
8.4.1	Data Needs	8-15
8.4.2	Existing Data and Documents.....	8-15
8.4.3	Data Collection Techniques.....	8-16
8.4.4	Future Needs and Maintenance of the DMS.....	8-19
8.4.5	Resolving Data Management Issues.....	8-19
8.4.6	How Stakeholders Contribute Data to the DMS	8-19
8.4.7	Procedure for Accessing DMS	8-19
8.4.8	Stakeholder Communication.....	8-20
8.4.9	DMS Data Gathering.....	8-20
8.4.10	DMS Reporting	8-21
8.4.11	Maintaining the DMS	8-21
8.4.12	Quality Assurance and Control Measures to Validate Data Entered into the DMS	8-21
8.4.13	Process for Data Sharing with Stakeholders in the Region.....	8-22
8.4.14	Process for Sharing Data with State and Federal Agencies	8-22
8.4.15	Compatibility with the Distribution to State Databases	8-22
8.5	Finance	8-22
8.5.1	Sources for IRWM Program Funding.....	8-24
8.5.2	Funding to Implement Regional Projects	8-25
8.5.3	State Funding Strategy	8-33
8.5.4	Federal Funding Strategy	8-33
8.6	Technical Analysis.....	8-34
8.7	Integration with Local Water Planning.....	8-34
8.8	Relation to Local Land Use Planning	8-37
8.8.1	Introduction.....	8-37
8.8.2	Existing and Historical Relationships between Local Land Use Planning Entities and Water Management Entities	8-37
8.8.3	Reliance on Groundwater Resources	8-37
8.8.4	Federal and State Regulations.....	8-37
8.8.5	Urban Water Management Plans.....	8-39
8.8.6	National Pollutant Discharge Elimination System (NPDES) Permits	8-39

8.8.7 Public and Civil Society	8-40
8.8.8 Relationship between Local Land use Planning Entities and Water Management Entities in the Context of IRWMP	8-40
8.8.9 Upcoming Issues and Relationships between Local Land Use Planning Entities and Water Management Entities in the Context of IRWMP	8-42
8.9 Coordination.....	8-43
8.9.1 Coordination of Activities within the Region	8-43
8.9.2 Identification and Coordination with Neighboring IRWM Regions	8-43
8.9.3 Coordination with Agencies	8-44

List of Appendices

Appendix 1

- 1-A: Santa Barbara Countywide Integrated Regional Water Management Plan (2007)
- 1-B: South Coast Recycled Water Development Plan, RMC, 2013
- 1-C: Santa Maria Valley Groundwater Assessment, GEI, 2013

Appendix 2

- 2-A: Memoranda of Understanding (2012)
- 2-B: Santa Barbara County IRWM Region, Biennial Review 2012
- 2-C: Notice of Intent to Prepare an Update to the Santa Barbara Region IRWM Plan
- 2-D: Notices and Emails Announcing Public Meetings and Documents Available for Review
- 2-E: Draft Notice of Intent to Adopt the IRWM Plan 2013 in a Public Meeting
- 2-F: Comments Submitted on Public Draft
- 2-G: List of Public Stakeholders

Appendix 3

- 3-A: Santa Barbara County Supply and Demand – Current Uses and Future Estimates, GEI for Santa Barbara County Water Resources Division, Public Works Department, 2013
- 3-B: Santa Barbara County Groundwater Report, Santa Barbara County Water Resources Division, Public Works, 2011

3-C: Santa Barbara County Creeks Bioassessment Report, 2008

3-D: South Coastal Santa Barbara County Creeks Bioassessment Program, 2009
Report and Updated Index of Biological Integrity

Appendix 4: Water Quality Control Plan for the Central Coastal Basin, June 2011, Regional
Water Quality Control Board Central Coast Region, State Water Resources Control Board,
California Environmental Protection Agency

Appendix 5

5-A: Santa Barbara County IRWM Region OPTI Report, October 8, 2012

5-B: All Projects and Project Scores

5-C: Top Tier Projects

5-D: Project Life - Infrastructure Life Expectancy

5-E: Top Tier Projects Economic Benefit Analysis
