**GENERAL PROVISIONS**

Members may choose from a network of available providers (physicians and facilities) or may visit a nonparticipating provider. The nonparticipating provider will be paid based on Aetna's Recognized Charge (Aetna Market Fee Schedule (AMFS) and Aetna Facility Fee Schedule), which is the charge Aetna determines to be the usual charge level for the geographic area where the covered service is furnished. The member may be balance billed for the difference between the nonparticipating provider's usual fee and the amount allowed by the plan, in addition to any coinsurance or co-payments due under the plan provisions.

This plan does not cover all health care expenses and includes exclusions and limitations. Members should refer to their plan documents to determine which health care services are covered and to what extent. The following is a partial list of services and supplies that are generally not covered. However, your plan documents may contain exceptions to this list based on state mandates or the plan design or rider(s) purchased by your employer.

All medical or hospital services not specifically covered in, or which are limited or excluded in the plan documents; Charges related to any eye surgery mainly to correct refractive errors; Cosmetic surgery, including breast reduction; Custodial care; Dental care and X-rays; Donor egg retrieval; Experimental and investigational procedures; Hearing aids; Immunizations for travel or work; Infertility services, including, but not limited to, artificial insemination and advanced reproductive technologies such as IVF, ZIFT, GIFT, ICSI and other related services, unless specifically listed as covered in your plan documents; Nonmedically necessary services or supplies; Over-the-counter medications and supplies; Reversal of sterilization; Services

This material is for informational purposes only and is neither an offer of coverage nor medical advice. It contains only a partial, general description of plan benefits or programs and does not constitute a contract. Aetna does not provide health care services and, therefore, cannot guarantee results or outcomes. Consult the plan documents (i.e. Group Insurance Certificate and/or Group Policy) to determine governing contractual provisions, including procedures, exclusions and limitation relating to the plan. With the exception of Aetna Rx Home Delivery, all preferred providers and vendors are independent contractors in private practice and are neither employees nor agents of Aetna or its affiliates. Aetna Rx Home Delivery, LLC, is a subsidiary of Aetna Inc. The availability of any particular provider cannot be guaranteed, and provider network composition is subject to change without notice.

Some benefits are subject to limitations or visit maximums. Certain services require precertification, or prior approval of coverage. Failure to precertify for these services may lead to substantially reduced benefits or denial of coverage. Some of the benefits requiring precertification may include, but are not limited to, inpatient hospital, inpatient mental health, inpatient skilled nursing, outpatient surgery, substance abuse (detoxification, inpatient and outpatient rehabilitation). When the Member's preferred provider is coordinating care, the preferred provider will obtain the precertification. When the member utilizes a non-preferred provider, Member must obtain the precertification. Precertification requirements may vary. Depending on the plan selected, new prescription drugs not yet reviewed by our medication review committee are either available under plans with an open formulary or excluded from coverage unless a medical exception is obtained under plans that use a closed formulary.

They may also be subject to precertification or step-therapy. Non-prescription drugs and drugs in the Limitations and Exclusions section of the plan documents (received after open enrollment) are not covered, and medical exceptions are not available for them. While this information is believed to be accurate as of the print date, it is subject to change.
