

[Coastal Cleanup Day](#) is **September 25th from 9 until Noon**. We have branched out to do cleanups on beaches and creeks, but **we need your help**.

We still need a Beach Captain for **Rincon Point**. If you enjoy hanging out at Rincon I would appreciate hearing from you. Beach Captains show up early, distribute the materials I supply (trash bags, gloves, etc.), direct the volunteers and make sure trash ends up off of the beach and in a dumpster.

If you can help out as the Captain of Rincon, please contact me at jsimeon@cosbpw.net.

For everyone else, **please Save The Date!** We have sites from Carpinteria to Guadalupe so chances are good your beach or creek is on the list. Our event is part of the [Day of Caring](#) and followed by [Creek Week!](#)

More information is available at LessIsMore.org/coast and you can check out the sites we're already cleaning at LessIsMore.org/beach.

I look forward to hearing from you,

Jeff
