

9.0 List of Preparers and Contacts

This Environmental Impact Report was prepared by County of Santa Barbara (County) Planning & Development Department (P&D) staff, with assistance from Aspen Environmental Group (Aspen) under contract to the County. Substantial information was also provided by Aera. Information provided by the Applicant was reviewed by the County prior to inclusion in the EIR. The Applicant and their consultants were not directly involved in preparation of the environmental analyses in the Draft EIR, but did review Section 2.0, Project Description, and provided technical information with the permit application and in response to P&D requests during EIR preparation. P&D also coordinated with County Public Works and the Air Pollution Control District. Section 8.0, References, provides a summation of other resources reviewed and agency contacts. The Appendices provide the technical reports submitted by the Applicant.

The following persons associated with P&D were directly involved in preparing the EIR:

John Zorovich, Deputy Director, P&D 805-568-2519 JZorovich@co.santa-barbara.ca.us
