

Consultants List

**This list is updated on-line as changes are made.
Check our website to make sure you have the latest version.**

The department no longer maintains an Environmental Firms (Not Pre-approved) list effective August 2019. Specialty consultants (i.e. Arborists, Biologists, etc.) however, are pre-approved.

Although specialty consultants on this list are pre-approved, Planning and Development may require peer review of special studies as needed.

Please email Whitney Wilkinson (wwilkinson@countyofsb.org) with any updates or change requests.
