\* Population estimated for 2010; except 2000 census data shown for Cuyama, La Cumbre, Mission Hills, Santa Ynez, & Vandenberg Village.

\*\* M&I (Municipal, Commercial & Industrial) refers to all urban use, not including agricultural irrigation. 1 acre-foot=325,851 gallons.

\*\*\* Per Capita Use is shown as (a) total M&I water divided by population and (b) Single & Multi-Family Residential use divided by pop.

\*\*\*\* VAFB is largely non-metered; and daily employee population is 3 times the resident population.
