3. PROJECT SUMMARY:

A. Contractor shall administer a pre-trial jail felony mental health diversion program for individuals charged with felony offenses in Santa Barbara County. Program participants are individuals with serious mental disorders who have committed certain felony crimes and found by a Court of competent jurisdiction, to qualify for diversion services pursuant to Penal Code § 1001.36 hereafter referred to as “Felony Mental Health Diversion Clients.” Contractor shall provide clinically appropriate or evidence-based mental health treatment and wraparound services across a continuum of care, as appropriate, to meet the individual needs of Felony Mental Health Diversion Clients. For purposes of this section, “wraparound services” means services provided in addition to the mental health treatment necessary to meet the individual’s needs for successfully managing his or her mental health symptoms and to successfully live in the community.

4. PROGRAM IMPLEMENTATION FUNDS:

- A. The DSH shall distribute up to 25% of total funds to Contractor for initial program implementation costs incurred under this Agreement. Contractor shall submit to the DSH a written program plan including an outline of the use of the program implementation funding as a deliverable prior to payment of funds. Program implementation costs shall include, but are not limited to:
- a. Initial procurement and set up of diversion client housing
 - b. Initial administrative operating expenses and equipment
 - c. Initial training and technical assistance activities
 - d. Development of operational guidelines, policies and procedures
 - e. Recruitment, hiring, and orientation activities supporting new staff

5. CONTRACTOR RESPONSIBILITIES:

- A. The estimated total number of unduplicated Felony Mental Health Diversion Clients to be served by Contractor during the term of this agreement is 18 (six clients annually). Felony Mental Health Diversion Clients must maintain participation in the Diversion program for a minimum of 30 days to be counted towards the Contractor's target population goals required for distribution of funds as outlined in Exhibit B, Budget Detail. If a participating Felony Mental Health Diversion Client successfully completes the program in less than 30 days, the Contractor may account for the Felony Mental Health Diversion Client in the total reported to DSH for purposes of meeting target population goals required for distribution of funds.
- B. Contractor shall collaborate with community stakeholders and other partner agencies in the planning and implementation of the diversion program as outlined in the required program plan document. Collaborative partners include but are not limited to the following county-specific groups: behavioral health, community-based treatment providers, housing providers, courts, Public Defender, District Attorney, probation and Sheriff/jail administrator.
- C. Contractor shall thoroughly assess and identify which Felony Mental Health Diversion Clients are clinically appropriate for admission into the community-based jail diversion program based upon statutory criteria (Welfare & Institutions Code, § 4361, subd. (c)(1)(A)-(C)). Additionally, Contractor shall initiate and maintain treatment while the Felony Mental Health Diversion Clients are incarcerated and awaiting release from jail and placement in the community.
- D. To the extent not prohibited by Federal law, Contractor shall provide DSH with data no less than quarterly including but not limited to statutory requirements detailed in AB1810 (2018) and Welfare and Institutions Code § 4361 for individual Felony Mental Health Diversion Clients. DSH shall have the right to modify, reduce, or add data elements or outcome measures at any time in its discretion consistent with section 4361, subdivision (g). Exhibit A Attachment 1 details the statutory data elements that are required. Data shall be submitted in the method and format set forth by the DSH. Contractor shall identify any data in the dataset subject to the rules of 42 C.F.R. Part 2 upon submission to DSH. DSH shall use this data and outcome measures to perform program evaluation to assess the efficacy and resource allocation of the program, for monitoring of the program to ensure that services outlined in law and the proposal were provided, to provide reports to the Legislature and other stakeholders, and to perform research related to provision of improved services to the target population.
- E. Felony Mental Health Diversion Clients housed in community-based diversion programs shall remain under the legal and physical supervision of Contractor. Contractor is responsible for full

range of services and supports including but not limited to medical care, transportation, and patients-rights services.

- F. Contractor retains the right to exclude specific individual Felony Mental Health Diversion Clients from the community-based diversion program based on the terms and conditions set forth in the Client's Diversion plan or based on the criteria agreed upon by collaborative partner agencies at any point during participation in the program.
- G. Contractor shall submit a written document outlining the program plan developed and agreed to by county collaborative partners. Said document shall identify roles and responsibilities, describe the program from initial identification of potential Felony Mental Health Diversion Clients to program completion, and list all services to be provided in the program. Plan shall also include a detailed program flowchart depicting all stages of the program; an itemized budget plan identifying personnel and operation and equipment costs, county match, and other fund sources; and an outline of program implementation costs as detailed in section 4 of this exhibit. The final county plan must be approved by DSH prior to program implementation. Any changes to this plan must be agreed to in writing by both parties.
- H. Contractor shall connect individuals to services in the community after they have completed diversion as defined in this agreement. Contractor shall be responsible for coordinating with behavioral health programs for continued mental health care, crisis intervention, ongoing counseling and care, and psychotropic medication compliance for the Felony Mental Health Diversion Clients.
- I. Contractor will track Diversion expenditures and shall provide a report itemizing Diversion expenditures and required match contributions, by funding source, to DSH within sixty days after the close of the months of December and June on a bi-annual basis during the term of this agreement. A final report itemizing Diversion expenditures and required match contributions, by funding source, shall be due within sixty days after the termination of the agreement.
- J. Contractor shall report in writing via email to the DSH Contract Manager or designee if a current Felony Mental Health Diversion Client is absent without leave (AWOL) or is involved in a Special Incident. Such reporting to DSH will take place within forty-eight (48) hours of such an incident.
 - 1. Contractor shall only be required to report the following data points regarding Special Incidents:
 - i. That a Special Incident occurred;
 - ii. The type of Special Incident;
 - iii. How many people were involved in the Special Incident; and
 - iv. How County is responding to the Special Incident.
 - 2. A "Special Incident" is a significant patient occurrence or any event which has the potential of adversely affecting the operation of the program. The following occurrences qualify as Special Incidents:
 - i. Suicide or attempt;
 - ii. Death or serious injury of, or by, patient;
 - iii. Criminal behavior (including arrests, with or without conviction);
 - iv. Any incident which may result in public or media attention to the program.

- K. If Contractor is unable to serve the total number of unduplicated Felony Mental Health Diversion Clients stated in provision 5.A. due to actual client costs exceeding the level of funds available, Contractor shall notify the DSH Contract Manager or designee in writing no less than 180 days prior to the expiration of this Agreement; and shall provide an updated plan to include: 1) an explanation of the reasons for the cost increases; 2) the revised number of Felony Mental Health Diversion Clients to be served by the community-based diversion program; and 3) the revised budget, not to exceed the maximum amount set forth in this Agreement. Upon approval of the revised plan by the DSH, an amendment to this Agreement shall be initiated.
- L. Contractor and its subcontractors shall procure and keep in full force and effect during the term of this Agreement all permits, registrations, and licenses necessary to accomplish the work specified in this Agreement and shall give all notices necessary and incident to the lawful prosecution of the work. Contractor shall provide proof of any such license(s), permits(s), and certificate(s) upon request by the DSH. Contractor agrees that failure by itself or its subcontractors to provide evidence of licensing, permits, or certifications shall constitute a material breach for which the DSH may terminate this Agreement with cause.
- M. Contractor shall provide services as outlined in this Agreement. Contractor shall be responsible to fulfill the requirements of this Agreement and shall incur expenses at its own risk and invest sufficient amount of time and capital to fulfill the obligations as contained herein.
- N. Contractor and its subcontractors shall keep informed of, observe, comply with, and cause all its agents and employees to observe and to comply with all prevailing Federal, State, and local laws, rules, and regulations made pursuant to pertinent Federal, State, and local laws. If any conflict arises between provisions of the plans and specifications and any such law above referred to, then Contractor shall immediately notify the DSH in writing.
- O. Unless otherwise specified, this Agreement may be canceled at any time by Contractor, in writing, with 50 days advance notice. The DSH may terminate the Agreement pursuant to section 7 of Exhibit C if Contractor or its subcontractors fails to comply with a federal, state, or local law and the noncompliance, based on the facts and circumstances, would constitute a material breach of this Agreement under California law.

6. DSH RESPONSIBILITIES:

- A. DSH shall distribute funds to Contractor in accordance with the schedule outlined in Exhibit B, Budget Detail.
- B. The DSH shall provide a data collection process to Contractor. Contractor shall submit data to the DSH no less than quarterly per statutory requirements. The Contractor shall collect the data elements listed in Exhibit A Attachment 1. Additional elements may be added by DSH in accordance with section 4361.
- C. Upon receipt of the statutory data requirements (Exhibit A Attachment 1) from Contractor, DSH will analyze data for the purpose of program evaluation, monitoring, reporting, and research.
- D. DSH will provide a quarterly report to Contractor summarizing the statutory data requirements and outcome measures.

7. PERFORMANCE MEASURES:

A. Complete and Timely Provision of Services

- i. Expectations: Contractor is expected to provide all services, including any and all required reports, in a timely manner—in accordance with timelines established in this Scope of Work.
- ii. Penalties: Should Contractor not provide all services, including any and all required reports in a timely manner, the DSH may choose to terminate this Agreement. Additionally, the DSH may find Contractor to be not responsible in provision of services and evaluate this in future contracting opportunities.

8. AMENDMENTS:

- A. The parties reserve the right to amend this Agreement for two additional terms of up to one year each, and to add funding sufficient for these periods. This right to amend is in addition to the right to amend for other reasons contained in this Agreement or noted in the solicitation that resulted in this Agreement, if applicable. Any amendment shall be in writing and signed by both parties.

Notification shall be provided to the DSH Program Contract Manager, the DSH Privacy Officer and the DSH Chief Information Security Officer, using the contact information listed in Section XI(F), below. If the breach or security incident is discovered after business hours or on a weekend or holiday and involves DSH PCI in electronic or computerized form, notification to DSH shall be provided by calling the DSH Information Security Office at the telephone numbers listed in Section XI(F), below. For purposes of this Section, breaches and security incidents shall be treated as discovered by Contractor as of the first day on which such breach or security incident is known to the Contractor, or, by exercising reasonable diligence would have been known to the Contractor. Contractor shall be deemed to have knowledge of a breach if such breach is known, or by exercising reasonable diligence would have been known, to any person, other than the person committing the breach, who is an employee or agent of the Contractor.

Contractor shall take:

1. prompt corrective action to mitigate any risks or damages involved with the breach or security incident and to protect the operating environment; and
 2. any action pertaining to a breach required by applicable federal and state laws, including, specifically, California Civil Code section 1798.29 and 1798.82.

As soon as the information is known and subject to the legitimate needs of law enforcement, Contractor shall inform the DSH Program Contract Manager, the DSH Privacy Officer, and the DSH Chief Information Security Officer of:
1. what data elements were involved, and the extent of the data disclosure or access involved in the breach, including, specifically, the number of individuals whose personal information was breached; and
 2. a description of the unauthorized persons known or reasonably believed to have improperly used the DSH PCI and/or a description of the unauthorized persons known or reasonably believed to have improperly accessed or acquired the DSH PCI, or to whom it is known or reasonably believed to have had the DSH PCI improperly disclosed to them; and
 3. a description of where the DSH PCI is believed to have been improperly used or disclosed; and

4. a description of the probable and proximate causes of the breach or security incident; and
 5. whether Civil Code section 1798.29 and 1798.82 or any other federal or state laws requiring individual notifications of breaches have been triggered.
- C. Written Report: The Contractor shall provide a written report of the investigation to the DSH Program Contract Manager, the DSH Privacy Officer, and the DSH Chief Information Security Officer as soon as practicable after the discovery of the breach or security incident. The report shall include, but not be limited to, the information specified above, as well as a complete, detailed corrective action plan, including information on measures that were taken to halt and/or contain the breach or security incident, and measures to be taken to prevent the recurrence or further disclosure of data regarding such breach or security incident.
- D. Notification to Individuals: If notification to individuals whose information was breached is required under state or federal law, and regardless of whether Contractor is considered only a custodian and/or non-owner of the DSH PCI, Contractor shall, at its sole expense, and at the sole election of DSH, either:

Attachment 1**Contractor Data Security Standards****1. General Security Controls**

- A. **Confidentiality Statement.** All persons that will be working with DSH PCI must sign a confidentiality statement. The statement must include at a minimum, General Use, Security and Privacy safeguards, Unacceptable Use, and Enforcement Policies. The statement must be signed by the workforce member prior to access to DSH PCI. The statement must be renewed annually. The Contractor shall retain each person's written confidentiality statement for DSH inspection for a period of three (3) years following contract termination.
- B. **Background check.** Before a member of the Contractor's workforce may access DSH PCI, Contractor must conduct a thorough background check of that worker and evaluate the results to assure that there is no indication that the worker may present a risk for theft of confidential data. The Contractor shall retain each workforce member's background check documentation for a period of three (3) years following contract termination.
- C. **Workstation/Laptop encryption.** All workstations and laptops that process and/or store DSH PCI must be encrypted using a FIPS 140-2 certified algorithm, such as Advanced Encryption Standard (AES), with a 128bit key or higher. The encryption solution must be full disk unless approved by the DSH Information Security Office.
- D. **Server Security.** Servers containing unencrypted DSH PCI must have sufficient administrative, physical, and technical controls in place to protect that data, based upon a risk assessment/system security review.
- E. **Minimum Necessary.** Only the minimum necessary amount of DSH PCI required to perform necessary business functions may be copied, downloaded, or exported.
- F. **Removable media devices.** All electronic files that contain DSH PCI data must be encrypted when stored on any removable media or portable device (i.e. USB thumb drives, floppies, CD/DVD, smart devices tapes etc.). PCI must be encrypted using a FIPS 140-2 certified algorithm, such as Advanced Encryption Standard (AES), with a 128bit key or higher
- G. **Antivirus software.** All workstations, laptops and other systems that process and/or store DSH PCI must install and actively use a comprehensive anti-virus software solution with automatic updates scheduled at least daily.
- H. **Patch Management.** All workstations, laptops and other systems that process and/or store DSH PCI must have operating system and application security patches applied, with system reboot if necessary. There must be a documented patch management process which determines installation timeframe based on risk assessment and vendor recommendations. At a maximum, all applicable patches must be installed within 30 days of vendor release.
- I. **User IDs and Password Controls.** All users must be issued a unique user name for accessing DSH PCI. Username must be promptly disabled, deleted, or the password changed upon the transfer or termination of an employee with knowledge of the password. Passwords are not to be shared. Must be at least eight characters. Must be a non-dictionary word. Must not be stored in readable format on the computer. Must be changed every 60 days. Must be changed if revealed

or compromised. Must be composed of characters from at least three of the following four groups from the standard keyboard:

- Upper case letters (A-Z)
- Lower case letters (a-z)
- Arabic numerals (0-9)
- Non-alphanumeric characters (punctuation symbols)

- J. **Data Sanitization.** All DSH PCI must be sanitized using NIST Special Publication 800-88 standard methods for data sanitization when the DSH PCI is no longer needed.

2. System Security Controls

- A. **System Timeout.** The system must provide an automatic timeout, requiring reauthentication of the user session after no more than 20 minutes of inactivity.
- B. **Warning Banners.** All systems containing DSH PCI must display a warning banner each time a user attempts access, stating that data is confidential, systems are logged, and system use is for business purposes only. User must be directed to log off the system if they do not agree with these requirements.
- C. **System Logging.** The system must maintain an automated audit trail which can identify the user or system process which initiates a request for DSH PCI, or which alters DSH PCI. The audit trail must be date and time stamped, must log both successful and failed accesses, must be read only, and must be restricted to authorized users. This logging must be included for all user privilege levels including, but not limited to, systems administrators. If DSH PCI is stored in a database, database logging functionality must be enabled. Audit trail data must be archived for at least 3 years after occurrence.
- D. **Access Controls.** The system must use role based access controls for all user authentications, enforcing the principle of least privilege.
- E. **Transmission encryption.** All data transmissions of DSH PCI outside the contractor's secure internal network must be encrypted using a FIPS 140-2 certified algorithm, such as Advanced Encryption Standard (AES), with a 128bit key or higher. Encryption can be end to end at the network level, or the data files containing DSH PCI can be encrypted. This requirement pertains to any type of DSH PCI in motion such as website access, file transfer, and E-Mail.
- F. **Intrusion Detection.** All systems involved in accessing, holding, transporting, and protecting DSH PCI that are accessible via the Internet must be protected by a comprehensive intrusion detection and prevention solution.

3. Audit Controls

- A. **System Security Review.** All systems processing and/or storing DSH PCI must have at least an annual system risk assessment/security review which provides assurance that administrative, physical, and technical controls are functioning effectively and providing adequate levels of protection. Reviews shall include vulnerability scanning tools.
- B. **Log Reviews.** All systems processing and/or storing DSH PCI must have a routine procedure in place to review system logs for unauthorized access.

- C. **Change Control.** All systems processing and/or storing DSH PCI must have a documented change control procedure that ensures separation of duties and protects the confidentiality, integrity and availability of data.

4. Business Continuity / Disaster Recovery Controls

- A. **Disaster Recovery.** Contractor must establish a documented plan to enable continuation of critical business processes and protection of the security of electronic DSH PCI in the event of an emergency. Emergency means any circumstance or situation that causes normal computer operations to become unavailable for use in performing the work required under this agreement for more than 24 hours.
- B. **Data Backup Plan.** Contractor must have established documented procedures to securely backup DSH PCI to maintain retrievable exact copies of DSH PCI. The backups shall be encrypted. The plan must include a regular schedule for making backups, storing backups offsite, an inventory of backup media, and the amount of time to restore DSH PCI should it be lost. At a minimum, the schedule must be a weekly full backup and monthly offsite storage of DSH data.

5. Paper Document Controls

- A. **Supervision of Data.** DSH PCI in paper form shall not be left unattended at any time, unless it is locked in a file cabinet, file room, desk or office. Unattended means that information is not being observed by an employee authorized to access the information. DSH PCI in paper form shall not be left unattended at any time in vehicles or planes and shall not be checked in baggage on commercial airplanes.
- B. **Escorting Visitors.** Visitors to areas where DSH PCI is contained shall be escorted and DSH PHI shall be kept out of sight while visitors are in the area.
- C. **Confidential Destruction.** DSH PCI must be disposed of through confidential means, using NIST Special Publication 800-88 standard methods for data sanitization when the DSH PSCI is no longer needed.
- D. **Removal of Data.** DSH PCI must not be removed from the premises of the Contractor except with express written permission of DSH.
- E. **Faxing.** Faxes containing DSH PCI shall not be left unattended and fax machines shall be in secure areas. Faxes shall contain a confidentiality statement notifying persons receiving faxes in error to destroy them. Fax numbers shall be verified with the intended recipient before sending.
- F. **Mailing.** DSH PCI shall only be mailed using secure methods. Large volume mailings of DSH PHI shall be by a secure, bonded courier with signature required on receipt. Disks and other transportable media sent through the mail must be encrypted with a DSH approved solution, such as a solution using a vendor product specified on the CALIFORNIA STRATEGIC SOURCING INITIATIVE.
