MEMORANDUM

To: Chair Dan Eidelson & Members of the Santa Barbara County Oversight Board

From: James M. Casso, Oversight Board Counsel

Subject: AB 113, amendments to AB 26 X 1 & AB 1484, the Dissolution Act

Date: September 2, 2015

In January 2015, AB 113 was introduced to revise provisions of the Dissolution Act and reverse certain court decisions affecting the winding down of redevelopment agencies and the operations of successor agencies (“SA”) throughout California. Based on the latest information, AB 113 has stalled in the Senate Budget and Fiscal Review Committee. As of August 28, I learned that certain members of the Assembly are trying to craft a revised version of AB 113 so that the Legislature can consider and adopt it before this session adjourns. This session adjourns on September 11.

Some advocacy groups, such as the League of California Cities (“LOCC”) argue that AB 113 completely revamps the Dissolution Act, restricting flexibility available to successor agencies in the wind down process, e.g., if a successor agency challenges in court a decision by the Department of Finance (“DOF”) and loses, the sponsoring city would be liable for the legal costs incurred, to other organizations such as the California State Association of Counties that have taken a “neutral position” on AB 113 as it relates to the Dissolution Act.

Among the “significant” provisions in AB 113 are:

WIND DOWN

- Establishes a last and final Recognized Obligation Payment Schedule (ROPS) that would allow a city to submit a final ROPS and have automatic payments for the SAs enforceable obligations.
  - Allows SAs to be on a veritable autopilot while providing ongoing certainty for all future payments.
  - Allows for accelerated loan repayments for most SAs.
  - Removes the requirement for a SA to have to go to their Oversight Board (OB) for most activities including amendments to existing agreements.
• Creates an annual ROPS process, which limits by 50 percent the amount of work that needs to be done by SAs.

• Extends the timeframe for transition to countywide OBs to July 1, 2017. This gives more time for a SA to successfully wind down its activities with their local OB and access the last and final ROPS for automatic payments of its enforceable obligations.

• Allows SAs to get a Finding of Completion even if all payments have not been made by entering into a payment plan with the department.

• Establishes a process to terminate an OB and SA once all enforceable obligations have been paid off.

NEW ENFORCEABLE OBLIGATION DEFINITION

• Settles an ongoing lawsuit issue related to reentered agreements during the time period between January 1, 2012 and June 27, 2012. The Department officially dropped its appeal allowing those reentered agreements to be deemed valid.

• Projects related to state highway improvements are deemed enforceable obligations.

• Allows parking lots to be defined as a “governmental purpose” and allows cities and/or counties an opportunity to amend current property plans to allow for retention as governmental purpose.

• Allows refunding bonds issued no later than June 27, 2011 to be enforceable obligations.

• Allows use of some proceeds from bonds sold in 2011 for purposes in line with the bond covenant.

• Allows the return of tax increment on pension and state water project override levies to be returned to the levying entity if amounts are not needed for payment of indebtedness obligations.

HOUSING

• Allows San Francisco flexibility to meet its affordable housing obligations by pooling former tax increment from all project areas and allowing them to accelerate payment of final and conclusive enforceable obligations.

• Allows for expenditure of all proceeds from housing bonds issued in 2011.

• Increases the reporting and transparency of deposits made into the Low and Moderate Income Housing Asset Fund.
• **LOANS AND LAIF**

  **LAIF**

  • Establishes a 3% interest rate on repayment of loans for SAs with a Finding of Completion.
    o Some SAs with more recent loans will see a significant benefit to the amount of money to be repaid to cities based on this rate.
    o Prospectively, all loans are only earning the current LAIF rate of 0.2% and all cities will see a significant increase in the amount of money to be repaid based on this rate.
    o If a city goes into the last and final ROPS, that SA will be eligible for a repayment of loans at a 4% interest rate.

  • Codifying this language brings an end to competing interpretations of current law. Establishing a set interest rate provides certainty to cities and the department on what rate should be used when making the calculations.

  **LOANS**

  • Allows for accelerated loan repayments for most SAs who go into a last and final ROPS

  • Clarifies that tax increment caps and project area expiration dates do not apply for purpose of repaying loans—under current law, most loans were not eligible to be fully repaid due to these restrictions.

Despite many of aspects of AB 113 to revise and clarify the Dissolution Act, it is opposed by the LOCC and 115 California cities. At this time, it is unknown whether AB 113 will be approved by the Legislature.

### Santa Barbara County Recognized Obligation Payment Schedule (ROPS 15-16B) - Report of Prior Period Adjustments

(Report Amounts in Whole Dollars)

#### ROPS 14-15B Successor Agency (SA) Self-reported Prior Period Adjustments (PPA):

Pursuant to HSC Section 34186 (a), SAs are required to report the differences between their actual available funding and their actual expenditures for the ROPS 14-15B (January through June 2015) period. The amount of Redevelopment Property Tax Trust Fund (RPTTF) approved for the ROPS 15-16B (January through June 2016) period will be offset by the SA’s self-reported ROPS 14-15B prior period adjustment. HSC Section 34186 (a) also specifies that the prior period adjustments self-reported by SAs are subject to audit by the county auditor-controller (CAC) and the State Controller.

#### Notes:
- The table above provides a detailed breakdown of the self-reported prior period adjustments for the ROPS 14-15B period, including authorized and actual expenditures for various projects.
- The net difference (M+R) is calculated by subtracting the actual expenditures from the authorized expenditures, reflecting the total difference in funds.

**References:**
- HSC Section 34186 (a) specifies the requirement for self-reported prior period adjustments.
- The RPTTF amount approved for the ROPS 15-16B period is calculated by offsetting the self-reported adjustments from the ROPS 14-15B period.
