

LEGISLATIVE PRINCIPLES

The Legislative Program adheres to the County's legislative principles, which serve as a guide for the County in developing a position on any forthcoming federal and state legislation.

✱ **EFFICIENT SERVICE DELIVERY / OPERATIONS:** Support efforts to streamline processes and promote operational enhancements germane to a County department's mission and core services, and correspondingly, oppose legislation that creates undue fiscal and operational burdens on departments.

✱ **FISCAL STABILITY:** Support efforts to generate new intergovernmental revenue and/or enhance existing revenue/reimbursement levels and oppose the loss of, or redirecting of, existing revenue and/or the creation of additional unfunded mandates to the County. Such efforts also include supporting a majority state budget vote requirement and a timely adoption of the state budget before the new fiscal year begins.

✱ **INTER-AGENCY COLLABORATION:** Partner with neighboring cities on infrastructure and other large-scale projects when possible. Support the advocacy efforts of such organizations as the California State Association of Counties (CSAC), the National Association of Counties (NACO), Santa Barbara County Association of Governments (SBCAG), First 5 Santa Barbara, Air Pollution Control District, the Kid's Network and other local and regional agencies. Collaborate with other institutions and entities on mutually beneficial issues such as protection of children, the elderly and other "at risk" populations while upholding the other principles of efficient service delivery and operations, fiscal stability and local control.

✱ **LOCAL CONTROL:** Ensure local authority and control over governance issues, land use policies and the delivery of services, including flexibility and customization in designing and implementing policies and services that are responsive to the community's preferences. Secure where appropriate direct distribution of federal funds to local governments rather than state pass-throughs. Support efforts to maximize local control to ensure safe and effective speed limits.

✱ **PROTECTION OF SAFETY NET SERVICES:** Support efforts to maintain and enhance "safety net" services that protect the most vulnerable within a community, including, but not limited to, children, the elderly and other "at risk" populations. Such services in the area of health and human assistance include, but are not limited to, preventive and emergency health care services to the uninsured and underinsured; HIV/AIDS programs; maternal and children health; adult protective services; child welfare services; adoptions and foster care; food stamps and unemployment assistance and workforce development. The County supports collaboration between the federal, state and local governments in the delivery and funding of such services. The County opposes the further erosion in federal and state funding of these vital services.

✱ **COMMUNITY SUSTAINABILITY / ECONOMIC STABILITY:** Support efforts to foster communitywide sustainability by promoting economic stability and environmental stewardship through participation in the growing green economy. Continue to engage in related federal and state deliberations to ensure that local government receives the economic and financial benefits associated with new policies. Support efforts to catalyze community renewal, redevelopment and reinvestment, incubate and support innovative businesses, reduce greenhouse gas emissions, incentivize energy efficiency, water conservation, and the use of renewable energy. To maintain and protect agricultural and rural resources, coastal areas, and bio-diversity, the County recognizes the need to promote mutually beneficial partnerships with the public, private, and nonprofit sectors across the region. These collective efforts aim to engender healthy communities by balancing social well-being, economic prosperity, and environmental responsibility.
