Planning Commission Determination

The DETERMINATION procedure is used to request a determination that a specific use may be permitted in a particular zone district. The Planning Commission must find that the proposed use is similar in character to those enumerated in the specific zone and is not more injurious to the health, safety, or welfare of the neighborhood because of noise, odor, dust, vibration, smoke, traffic congestion, depreciation of property values, danger to life and property, or similar causes.

Planning and Development does not keep extra copies of plans and maps after project approval. Files are microfiched. You are responsible for submitting copies of your approved plans/maps.

NOTE: Additional copies of submittals may be required. Requests of this type vary in complexity. Most will require only one planner’s review, but others must be looked at by other departments. If your application falls into the latter category, the application coordinator or your planner will let you know so your request may be expedited.

1 If additional information is needed regarding location of a City’s Sphere of Influence, please contact our zoning information counter.
