

SANTA BARBARA COUNTY EMPLOYEES' RETIREMENT SYSTEM

TRUSTEE EDUCATION POLICY

I. PURPOSE

The purpose of this Trustee Education Policy is to establish guidelines and procedures for the Trustees of the Santa Barbara County Employees' Retirement System (the "System") that recognize and affirm the importance of education to the success of fulfilling their fiduciary responsibilities.

II. POLICY OBJECTIVES

1. All Trustees will be able to gain the knowledge they need to carry out their fiduciary responsibilities and engage in effective group discussion, debate and decision making with regard to the System as a whole.
2. Newly appointed or elected Trustees will be provided with the general introductory knowledge they need to enable them to effectively participate in Board and Committee deliberations in a timely manner.
3. Trustees will be provided the opportunity to learn through networking with the Trustees of other public retirement systems and learn of alternate approaches to common issues and problems.

III. ASSUMPTIONS AND PRINCIPLES

1. The Trustees are responsible for making policy decisions affecting all major aspects of pension plan administration. They, therefore, must acquire an appropriate level of knowledge of all significant facets of the System rather than specializing in particular areas.
2. A variety of methods are necessary and appropriate since no single method of educating Trustees is optimal.
3. The Trustee Education Policy is not intended to dictate that Trustees attend only specific conferences or programs. Although a list is included in this Policy, the Policy is a framework for the types of opportunities that the Trustees should utilize in their fiduciary education.
