

Delta Dental PPOSM & DeltaCare[®] USA*

County of Santa Barbara, PPO # 16458 Delta Care #76825

Your company lets you choose between two dental plans from Delta Dental. Either way, you'll get reliable dentist networks, affordable preventive care and a healthy smile that you'll love to show. Your options are:

Delta Dental PPO¹

This preferred provider plan offers the convenience and flexibility of visiting any licensed dentist, anywhere. Covered services are paid based on a percentage — if, for example, fillings are covered at 80%, you pay the remaining 20%. Get the most plan value by choosing a Delta Dental PPO dentist. PPO network dentists complete claim forms for you and can help advise you on questions regarding your share of the payment.

DeltaCare USA

Under this HMO-type plan, you'll have your choice of skilled primary care dentists from the DeltaCare USA network. Select a primary care dentist, who will then coordinate any needed referrals to a specialist.² Covered services provided by your DeltaCare USA dentist have preset copayments (dollar amounts), which are listed in your plan booklet. There are no maximums or deductibles for covered services.³

Delta Dental PPOSM

Maximize your savings

Visit a dentist in the PPO¹ network to maximize your savings.² These dentists have agreed to reduced fees, and you won't get charged more than your expected share of the bill.³

Set up an online account

Get information about your plan anytime, anywhere by signing up for an Online Services account at deltadentalins.com. This free service, available once your coverage kicks in, lets you check benefits and eligibility information, find a PPO dentist⁴ and more.

Check in without an ID card

You don't need a Delta Dental ID card when you visit the dentist. Just provide your name, birth date and enrollee ID or social security number. If your family members are covered under your plan, they will need your information. Prefer to take a paper or electronic ID card with you?

Simply sign in to Online Services, where you can view or print your card with the click of a button.

Coordinate dual coverage

If you're covered under two plans, ask your dental office to include information about both plans with your claim, and we'll handle the rest.

Understand transition of care

Did you start on a dental treatment plan before your PPO coverage kicked in? Generally, multi-stage procedures are only covered under your current plan if treatment began after your plan's effective date of coverage.⁵ You can find this date by logging in to Online Services.

Save with a PPO dentist

¹ In Texas, Delta Dental Insurance Company offers a Dental Provider Organization (DPO) plan.

² You can still visit any licensed dentist, but your out-of-pocket costs may be higher if you choose a non-PPO dentist. Network dentists are paid contracted fees.

³ You are responsible for any applicable deductibles, coinsurance, amounts over plan maximums and charges for non-covered services.

⁴ We recommend that before each appointment you verify online that your dentist is a PPO dentist.

⁵ Applies only to procedures covered under your plan. If you began treatment prior to your effective date of coverage, you or your prior carrier is responsible for any costs. Group- and state-specific exceptions may apply. Enrollees currently undergoing active orthodontic treatment may be eligible to continue treatment under Delta Dental PPO. Review your Evidence of Coverage, Summary Plan Description or Group Dental Service Contract for specific details about your plan.
