---

**CARE OUTSIDE OF PLAN SERVICE AREA**

Benefits provided through the BlueCard® Program are paid at the Participating level. Member's cost share will be either a copayment or coinsurance based on the lower of billed charges or the negotiated allowable amount for Participating providers as agreed upon with the local Blue's Plan.

Within US: BlueCard Program	See Applicable Benefit
Outside of US: BlueCard Worldwide	See Applicable Benefit

- 1 Unless otherwise specified, copayments/coinsurance are calculated based on allowable amounts. After the Calendar Year medical deductible is met, the member is responsible for copayments/coinsurance for covered services from Participating providers. Participating providers agree to accept Blue Shield's allowable amount plus any applicable member copayment or coinsurance as full payment for covered services.
- 2 Bariatric surgery is covered when prior authorized by Blue Shield.
- 3 Services may require prior authorization. When services are prior authorized, members pay the Participating provider amount.
- 4 Mental Health and Substance Abuse services are accessed through Blue Shield's Participating providers.
- 5 Inpatient services for acute detoxification are covered under the medical benefit; see the Hospital Benefits (Facility Services) section of the Plan Contract for benefit details. Services for acute medical detoxification are accessed through Blue Shield using Blue Shield's Participating providers.
- 6 Copayments marked with this footnote do not accrue to the calendar year out-of-pocket maximum. Copayments and charges for services not accruing to the member's calendar year out-of-pocket maximum continue to be the member's responsibility after the calendar year out-of-pocket maximum is reached. Please refer to the Plan Contract for exact terms and conditions of coverage.

Plan designs may be modified to ensure compliance with Federal requirements.

ASO (1/18) Renewal No Changes

Blue Shield believes this plan/policy is a "grandfathered health plan" under the Patient Protection and Affordable Care Act (the Affordable Care Act). As permitted by the Affordable Care Act, a grandfathered health plan can preserve certain basic health coverage that was already in effect when that law was enacted. Being a grandfathered health plan means that your plan or policy is not required to include certain consumer protections of the Affordable Care Act that apply to other plans, for example, the requirement for the provision of preventive health services without any cost sharing.

However, grandfathered health plans must comply with certain other consumer protections in the Affordable Care Act, for example, the elimination of lifetime limits on benefits. Note, even though they are not required to be included, many of the protections of the Affordable Care Act are included in your current plan/policy.

Questions regarding which protections apply and which protections do not apply to a grandfathered health plan and what might cause a plan to change from grandfathered health plan status can be directed to Blue Shield at the telephone number on your identification card. If you obtain this plan/policy through your employer and your plan is subject to ERISA, you may also contact the Employee Benefits Security Administration, U.S. Department of Labor at 1-866-444-3272 or [www.dol.gov/ebsa/healthreform](http://www.dol.gov/ebsa/healthreform). This website has a table summarizing which protections do and do not apply to grandfathered health plans. If you obtain your coverage through a nonfederal governmental employer, you may also contact the U.S. Department of Health and Human Services at [www.healthreform.gov](http://www.healthreform.gov).
