MOTION: Approve transfer of $3,149,597 from the Contingency Fund to the Retired Member Reserve effective June 30, 2007.

Terris/Bruns    Approved. Yes: Bruns, Gallas, James, Kendig McCammon, Miller, Terris
                No: Gray
                Absent: Bobolia

Karen Steffen and Daniel Wade of Milliman presented the valuation report, including a supplemental letter regarding options for amortization of the Unfunded Accrued Actuarial Liability.

Auditor-Controller Bob Geis reiterated his recommendation that the Board treat all assets as valuation assets and discussed problems with federal and state reimbursements created if that is not done. He further indicated that based on what he considers violation of various federal guidelines he will not load new employer rates into the payroll system unless ordered to do so. Mr. Geis stated that retiree health benefits should be paid by the County rather than from pension assets. His suggested solution would be for the County to pay the $15 health subsidy as a non-taxable benefit; that the $4 be a taxable supplement and not considered a health benefit; and that the employer contribution rate be recalculated with all assets treated as valuation assets.

Susan Paul, Assistant CEO/HR Director, expressed an opinion that the employer rate is incorrect because not all assets are included as valuation assets, which she stated is not in compliance with federal law. She noted that it would be hard to recommend adoption by the Board of Supervisors if the rate is not properly set.

MOTION: Accept the actuarial valuation, but do not set employer contribution rates until further consideration of the retiree health issue.

Gray/Mccammon   Approved by voice vote of all present.

Mr. Bobolia returned to the meeting.

Board Counsel presented the issue and recommended that trustees disclose any potential financial interest in this issue even though compensation is considered a non-interest if all members of a class are eligible. Trustee Terris indicated that she was eligible for performance bonuses; Chair James indicated that she might be eligible in the future; and Trustees Kendig and McCammon indicated that they were not currently eligible.

Trustee Bobolia expressed concern that inclusion of bonus compensation would increase the unfunded liability and made a motion to exclude the bonus plan from compensation earnable; the motion died for lack of a second.

MOTION: Approve staff recommendation to include performance based bonuses in compensation earnable.
